CONTACT

Our purpose as a company is simple: Design and develop game-changing products to meet and exceed the needs of our providers and patients. Our product development team is led by top industry professionals dedicated to developing clinically driven orthoses superior in quality, construction, and function.

As a leading orthopedic bracing and rehab equipment manufacturer, Trend Medical consistently assesses provider and patient feedback, focusing on improving effective care solutions within the industry. Established in 2016, Trend Medical has diversified patient care options and has made great strides in developing innovative solutions to enhance

INNOVATION NEVER SLEEPS

TREND TRAUMA COLLAR

ITEM: DCT-0180

HCPC: L0180

The Trend Trauma Collar is a revolutionary multi-post cervical collar that delivers a customized contoured fit and consistent reapplication while minimizing skin-related issues and patient error.

Designed to address the most common collar issues, the Trend Trauma Collar's 60 vs. 6 TrendDial height adjustment system provides 10X greater sizing accuracy than other collars, delivering industry-leading comfort and support. Equipped with cost-effective disposable padding, the Trend Trauma Collar's padding composition better regulates pressure, moisture, and heat, improving patient outcomes. Trend's Quick Clip System addresses the unmet need to secure optimal tension every time. Set it and forget it.

**Patents Pending*

Open-Cell Foam Padding
increases breathability &
decreases skin breakdown

Trend Quick Clip System
ensures optimal tension
without readjustment.
Velcro option available.

TrendDial Precision Height
Adjustment System
provides 60 incremental
sizing options

Trend Flex Shaft makes
for fluid up-and-down
movement

TREND QUICK FIT TRAUMA COLLAR

ITEM: DCT-0174
HCPC: L0174

The Trend Quick Fit Trauma Collar is a revolutionary multi-post cervical collar with thoracic extensions that delivers a customized contoured fit and consistent reapplication while minimizing skin-related issues and patient error.
**Patents Pending*

CORREX SP

ITEM: DCT-0464

HCPC: L0464

The Trend Correx SP TLSO immobilizes and restricts mid and lower spine movement (T9- S1). Ideal for post-operative recovery, the Trend Correx SP TLSO limits forward movement during the healing period. A lightweight and highly supportive frame equipped with our tool-free TX2 ActivAdjust Sternal Kit, Breathe Thru Mesh Belt, and Moisture Wicking Lining increase wearability and patient compliance. **Patents Pending*

SIZING:
UNIVERSAL
XS- 3XL (22- 55")

CORREX TLSO

ITEM: DCT-5657

HCPC: L0456/L0457

The Trend Correx TLSO is a dual-purpose orthosis that supports, stabilizes, and corrects the mid and lower spine (T9-S1). Additionally, the Correx can be used to provide unmatched rotational stability and motion restriction during the post-operative period. As the industry's leading postural reeducation device, the Trend Correx is constructed to safely assist a prolonged low load therapeutic stretch and increase spinal flexibility. **Patents Pending*

SIZING:
UNIVERSAL
XS- 3XL (22- 55")

EXTEND

ITEM: DCT-3951
 HCPC: L0639/L0651

The Trend Extend LSO is a technically advanced modular lumbar-sacral orthosis that stabilizes the mid to lower spine (T9- S1), providing exceptional posterior and lateral support and protection. The Trend Extend anterior panel bolsters stability, optimizing patient outcomes for post- and non-operative patients. The Trend Extend features a revolutionary 6:1 pulley system that provides optimal therapeutic compression.

SIZING:
 UNIVERSAL
 XS- 3XL (22- 55")

PRO LSO

ITEM: DCT-37
 HCPC: L0637/L0650

The Trend Pro LSO is a technically advanced lumbar-sacral orthosis that stabilizes the mid to lower spine (T9- S1), delivering optimal tri-planar support and protection. The Trend Pro LSO features a revolutionary 6:1 pulley system that provides industry-leading therapeutic compression and a novel closure system that self-adjusts to the patient's unique lordotic curve, providing right or left-specific compression.

SIZING:
 UNIVERSAL
 XS- 3XL (22- 55")

LSO

ITEM: DCT-31
 HCPC: L0631/L0648

The Trend LSO is a technically advanced lumbar-sacral orthosis that stabilizes the mid to lower spine (T9- S1), delivering optimal posterior and anterior planar support and protection. The Trend LSO features a revolutionary 6:1 pulley system that provides industry-leading therapeutic compression and a novel closure system that self-adjusts to the patient's unique lordotic curve, providing right or left-specific compression.

SIZING:
 UNIVERSAL
 XS- 3XL (22- 55")

QUICK FORM 39

ITEM: DCT-QF39
HCPC: L0639/L0651

The Trend Quick Form 39 is a modular lumbar-sacral orthosis that stabilizes the mid to lower spine (T9- S1). The Trend Quick Form 39 features an extended anterior panel, semi-rigid composition, padded belt, and 4:1 pulley system that synergistically provides optimal tri-planar support. The Trend Quick Form 39 provides exceptional motion restrictions for post- and non-operative patients.

SIZING:
UNIVERSAL
XS- 3XL (22- 60")

CINCH-FIT

ITEM: DCT-CF37
HCPC: L0637/L0650

The Trend Cinch-Fit is a modular lumbar-sacral orthosis that supports, stabilizes, and protects the mid to lower spine (T9-S1). The Cinch-Fit's clinically advantageous design features semi-rigid high and low lumbar panels, a padded belt, and a 4:1 pulley system. The Cinch-Fit is our industry-standard post-operative and injury support for providers seeking a progressive recovery brace that can accommodate a patient's individualized needs.

SIZING:
UNIVERSAL
XS- 3XL (22- 60")

QUICK FORM 37

ITEM: DCT-QF37
HCPC: L0637/L0650

The Trend Quick Form 37 is a lumbar-sacral orthosis that immobilizes, stabilizes, and protects the mid to lower spine (T9- S1). The Quick Form 37 features a semi-rigid composition, padded belt, and 4:1 pulley system that synergistically provides optimal posterior, anterior, and lateral support. The Quick Form 37 is our industry-standard post- or non-operative support for patients seeking relief from back pain and discomfort.

SIZING:
UNIVERSAL
XS- 3XL (22- 60")

QUICK FORM 31

ITEM: DCT-QF31
HCPC: L0631/L0648

The Trend Quick Form 31 is a lumbar-sacral orthosis that immobilizes, stabilizes, and protects the mid to lower spine (T9- S1). The Quick Form 31 features a semi-rigid composition, padded belt, and 4:1 pulley system that synergistically provides optimal posterior and anterior support. The Quick Form 31 is our industry-standard post- or non-operative support for patients seeking relief from back pain and discomfort.

SIZING:
UNIVERSAL
XS- 3XL (22- 60")

QUICK FORM LP

ITEM: DCT-QF27
HCPC: L0627/L0642

The Trend Quick Form 27 is a lumbar-sacral orthosis that supports, stabilizes, and protects the lower spine (L5-L1). The Trend Quick Form 27 features a semi-rigid composition, padded belt, and 4:1 pulley system that synergistically provides targeted compression and optimal posterior and anterior support. The Trend Quick Form 27 is our industry-standard pre-, post-, or non-operative support for patients seeking relief from back pain and discomfort.

SIZING:
UNIVERSAL
XS- 3XL (22- 60")

QUICK FORM SI

ITEM: DCT-QF21
HCPC: L0621

The Trend SI belt is a low-profile and lightweight sacroiliac orthosis that mitigates pain by restricting movement in the SI joint. The Trend SI Belt improves load transfer in patients with SI joint dysfunction and is constructed with materials conducive to long-term wear, allowing patients to experience extended relief.

SIZING:
UNIVERSAL
XS- 3XL (22- 60")

TRIUMPH ACL

ITEM: DCT-4552-X-R
ITEM: DCT-4552-X-L

HCPC: L1845/L1852

The Trend Triumph Knee Brace is a double upright ligament orthosis that stabilizes and supports the knee and surrounding ACL, MCL, LCL, and PCL ligaments. The Trend Triumph Knee Brace frame, built of premium aerospace-grade aluminum, is light as air and incredibly strong, allowing patients to feel comfortable and confident while in motion or at rest.

SIZING:

DCT-4552-SM (15.5- 18.5")
DCT-4552-M (18.5- 21")
DCT-4552-L (21- 23.5")
DCT-4552-XL (23.5- 26.5")

PRO UNLOADER

ITEM: DCT-0901-2-R
ITEM: DCT-0901-2-L

HCPC: L1843/L1851

The Trend Pro Unloader 2 is a functional OA knee orthosis that offloads the medial or lateral compartment for patients experiencing mild to moderate osteoarthritis of the knee. Our Trend TX2 Grip Padding minimizes brace migration and rotation, dramatically increasing wearability and patient compliance.

SIZING:

DCT-0901-2-R: UNIVERSAL RT
DCT-0901-2-L: UNIVERSAL LT

RECOUP TROM

ITEM: DCT-3233
HCP: L1832/L1833

The Trend Recoup TROM is a telescoping post-op knee orthosis that immobilizes the knee during post-operative healing. A precision range of motion dial and drop lock hinge allow providers maximum control.

SIZING:
UNIVERSAL
AMBIDEXTROUS DESIGN

ROM HINGED KNEE

The Trend ROM Hinged Knee is an adjustable range of motion orthosis that stabilizes the knee for patients suffering from mild to moderate strains, sprains, or ligament tears.

ITEM: DCT-002-X
HCPC: L1832/L1833

ITEM: DC-032
HCPC: L1832/L1833

SIZING:
DCT-002-1 (UP TO 15")
DCT-002-2 (15- 18")
DCT-002-3 (18- 21")
DCT-002-4 (21- 24")
DCT-002-5 (24- 27")
DCT-002-6 (27- 30")
DCT-002-7 (30- 35")

SIZING:
UNIVERSAL
DC-032 (UP TO 28")

HINGED KNEE

The Trend Hinged Knee is a front closure wraparound orthosis that stabilizes the knee. Ideal for mild to moderate strains and sprains.

ITEM: DCT-1820
HCPC: L1820

ITEM: DCT-1820U
HCPC: L1820

SIZING:
DCT-1820-1 (UP TO 15")
DCT-1820-2 (15- 18")
DCT-1820-3 (18- 21")
DCT-1820-4 (21- 24")
DCT-1820-5 (24- 27")
DCT-1820-6 (27- 30")
DCT-1820-7 (30- 35")

SIZING:
UNIVERSAL
DCT-1820U (UP TO 28")

PRO FIT HINGED KNEE

The Trend Pro Fit Hinged Knee is a front closure wraparound orthosis that provides medial and lateral support for mild ligament instabilities.

ITEM: DCT-1012
HCPC: L1810/L1812

ITEM: DCT-1012U
HCPC: L1810/L1812

SIZING:
DCT-1012-1 (UP TO 15")
DCT-1012-2 (15- 18")
DCT-1012-3 (18- 21")
DCT-1012-4 (21- 24")
DCT-1012-5 (24- 27")
DCT-1012-6 (27- 30")
DCT-1012-7 (30- 35")

SIZING:
UNIVERSAL
DCT-1012U (UP TO 28")

PRO WRIST

The Trend Pro Wrist is a multipurpose upper extremity orthosis that provides hand and wrist support. The Pro Wrist is a progressive pain management solution for post- and non-operative hand and wrist issues, including carpal tunnel syndrome. A precision range of motion dial allows providers ultimate control in setting flexion or extension.

ITEM: DCT-3916
HCPC: L3915/L3916

ITEM: DCT-3916-S (SHORT)
HCPC: L3915/L3916

SIZING:
UNIVERSAL
AMBIDEXTROUS DESIGN

SIZING:
UNIVERSAL
AMBIDEXTROUS DESIGN

UNI. WRIST & THUMB

The Trend Universal Wrist & Thumb orthosis restricts movement immobilizing and protecting the wrist and thumb from additional stress and injury. The Trend Universal Wrist & Thumb's low-profile design and lightweight material composition increase patient compliance and wearability.

ITEM: DCT-200-R
ITEM: DCT-200-L
HCPC: L3807/L3809

SIZING:
UNIVERSAL SIZE
AMBIDEXTROUS DESIGN

ABDUCTION SHOULDER SLING

The Trend Abduction Shoulder Sling is an upper extremity orthosis that provides post-operative shoulder immobilization. The Trend Abduction Shoulder Sling features an adjustable platform that can be broken down or built up to provide maximum support and relief.

ITEM: DCT-70ABD
HCPC: L3670

SIZING:
UNIVERSAL
AMBIDEXTROUS DESIGN

V-SLING SHOULDER SLING

The new patented VSL-747's airplane design provides adjustable immobilization for patients recovering from shoulder procedures where maximum support and relief are required. The VSL-747 features an adjustable and removable platform combined with a universal abduction base that makes it easy to adjust and set.

ITEM: VSL-747-MD
ITEM: VSL-747-LG
HCPC: L3960

NOTES: AMBIDEXTROUS DESIGN

ACTIVAIR WALKING BOOT

ITEM: DCT-6061T
ITEM: DCT-6061S

HCPC: L4360/L4361

The Trend ActivAir Boot is an incredibly lightweight lower extremity orthosis that provides optimal stability, support, and ankle immobilization after injury or surgery. Trend's ActivAir Boot features a patient-friendly streamlined design, pneumatic pump, TX2 Shock sole, and rockers bottom, catering to patient comfort and protection.

SIZING:

XS (M2-4); (W3.5-5.5)

S (M4.5-7); (W6-8)

M (M7.5-10.5); (W8.5-11.5)

L (M10.5-12.5); (W11.5-13.5)

XL (M12.5+); (W13.5+)
